What can I do to help?

To help prepare your child for testing, encourage them to:

- Get a good night's sleep and eat a full breakfast on the day of the assessment.
- Try their best on each question and try not to rush.
- Try not to worry about questions they do not know—remind them that it is expected they will only get about half of the questions correct.
- Use paper and pencil to show work for math questions

Thank you for your continued support and for being a partner in your student's learning! I look forward to sharing information with you throughout the year.

If you have any questions about either i-Ready or MAP testing, please do not hesitate to contact me.
