contact information? Click this link!**

Dear Families,

The school year is off to a great start! If you have not already done so, I encourage all parents/guardians to log into either Schoology (TK-5) or Edgenuity (6-12) using the access code provided by your homeroom teacher. This will give you insight into how your student(s) are performing. If you need your code to be sent to you, please reach out to your homeroom teacher.

Every Friday, you will be receiving a signature request from DocHub for your student's weekly learning log. The learning log is one way to track attendance for our school and MUST be submitted weekly. Please complete all required fields, and initial on ALL days that your student attended school or participated in educational activities. Please note: you will e-sign the document through DocHub, so there is no need to print anything out.

I do want to mention that we have had some students log in, but not submit work. As a reminder, all students are expected to log in AND submit work daily Monday-Friday. Your student is welcome to log in on the weekends (to catch up or get ahead), but attendance is only marked Monday-Friday.

To prepare for a successful online learning experience, students should:

- Commit to working on your courses daily (M-F)
- Attend live lessons
- Schedule specific times M-F as “school work” time
- Use the Assignment Calendar and Progress Reports as your measure of course completion
- Make frequent contact with your instructor when you need help progressing through your course
- Attend all meetings with your homeroom teacher

We want your student to be successful, and we are here to help. If your student is struggling, please let us know so that we can put the proper support in place.

Sincerely,

Mrs. Sabrina Ciolino

About Me

Hello, my name is Sabrina Ciolino. I earned my Bachelor of Science in Business Administration with an emphasis on Human Resource Management at Sonoma State University prior to attending Dominican University where I earned my Multiple Subject Teaching Credential. I am currently fishing up my Masters in Educational Leadership at Northwestern College. I taught in elementary school prior to transitioning to online school, where I have been working as a school administrator for the past several years.

I LOVE sports and manage my daughter's travel soccer team, as well as coaching various youth sports in my community (softball, baseball, basketball, soccer). I am a huge Disney fan, and I enjoy cooking, kayaking, travel, and watching my children play sports.

What's in my Bitmoji classroom?

On the bookshelf is:

- *A few of the books that I am currently reading
- *A framed photo of my children (I have this in my real office)!
- *My Disneyland and Disney World Olszewski castles
- *My cell phone
- *An autographed Babe Ruth ball (I wish I had this in my collection)
- *A bear kayaking
- *A mini-fridge filled with sparkling water

The cute white Lab is my dog, Pluto! He is almost always in my office sleeping by my desk. He loves to chase tennis balls in our backyard

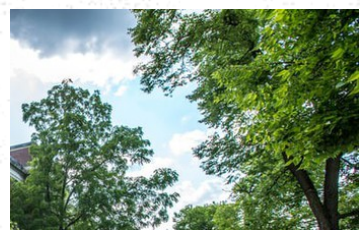

The desk in my Bitmoji classroom is my real desk

On my desk are some of my favorite things:

- *My laptop
- *Banana ice cream
- *A cup of black tea in my Starbucks Disneyland mug
- *A vase with some pink peonies (peonies are my favorite flower)

Funny Fact: When I went to Disneyland with my goddaughter we went to get ice-cream at Creamistry (if you have never been I highly recommend it). I decided to get a banana ice-cream. My

goddaughter kept telling me that I did not have to get banana and that I could get something better like chocolate, but I told her I wanted a banana. Later that day we were in line for Dumbo and one of the kids was hungry. I pulled a banana out of my purse and offered it to them. Now my goddaughter calls me Auntie Nana!
