INDEPENDENT AUDITORS' REPORT

Board of Directors PEAK Prep Pleasant Valley Charter School Camarillo, California

Report on the Financial Statements

Opinion

We have audited the accompanying financial statements of PEAK Prep Pleasant Valley Charter School (the School), a California nonprofit public benefit corporation, which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the School as of June 30, 2022, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management's for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due
 to fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the School's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the School's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the School's financial statements as a whole. The schedule of average daily attendance (ADA), schedule of instructional time and reconciliation of the annual financial and budget report with the audited financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued a report dated January 12, 2023 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the School's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the School's internal control over financial reporting and compliance.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Activities

PEAK Prep Pleasant Valley Charter School (the School) is a California nonprofit public benefit corporation and is organized to manage and operate a public charter school. The School was incorporated in June 2019 and began operations for students in September 2019. The School is sponsored by the Pleasant Valley School Unified School District (the Sponsor).

The School is funded principally through the state of California public education monies received through the California Department of Education (CDE) and the Sponsor.

The District has granted the charter through June 30, 2022. In July 2021, Governor Gavin Newsom signed into law a requirement to extend most charter school petition terms by two years. The extensions apply to all charter that would otherwise expire on or between January 1, 2022 and June 30, 2025. Therefore, the School's charter term is extended to June 30, 2024. The charter may be revoked by the Sponsor for material violations of the charter, failure to meet pupil outcomes identified in the charter, failure to meet generally accepted standards of fiscal management, or violation of any provision of the law.

Basis of Accounting

The financial statements have been prepared on the accrual method of accounting and accordingly, reflect all significant receivables and liabilities.

Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States as prescribed by the Financial Accounting Standards Board.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures. Accordingly, actual results could differ from those estimates.

Functional Allocation of Expenses

Costs of providing the School's programs and other activities have been presented in the statement of functional expenses. Accordingly, certain costs have been allocated among the programs and support services benefited. Therefore, expenses require allocation on a reasonable basis that is consistently applied.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Cash and Cash Equivalents

The School defines its cash and cash equivalents to include only cash on hand, demand deposits, and liquid investments with original maturities of three months or less.

Receivables

Accounts receivable primarily represent amounts due from federal and state governments as of June 30, 2022. Management believes that all receivables are fully collectible; therefore, no provisions for uncollectible accounts were recorded.

Net Asset Classes

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. According, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions.

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. The School does not currently have any net assets with donor restrictions that are perpetual in nature. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both.

Revenue Recognition

Amounts received from the CDE are conditional and recognized as revenue by the School based on the average daily attendance (ADA) of students. Revenue that is restricted is recorded as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the revenue is recognized. All other restricted revenues are reported as increases in net assets with donor restrictions.

Contributions

All contributions are considered to be available for general operating use unless specifically restricted by the donor. Amounts received that are restricted to specific use or future periods are reported as contributions with donor restrictions. Restricted contributions that are received and released in the same period are reported as promises to give without donor restrictions. Unconditional promises to give expected to be received in one year or less are recorded at net realizable value. Unconditional promises to give expected to be received in more than one year are recorded at fair value at the date of the promise. Conditional promises to give (those with a measurable performance or other barrier and a right of return) are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met.

NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Conditional Grants

Grants and contracts that are conditioned upon the performance of certain requirements or the incurrence of allowable qualifying expenses (barriers) are recognized as revenues in the period in which the conditions are met. Amounts received are recognized as revenue when the School has incurred expenses in compliance with specific contract or grant provisions. Amounts received prior to incurring qualifying expenditures are reported as deferred revenues in the statement of financial position. As of June 30, 2022, the School has conditional grants of \$653,156 of which \$85,298 is recognized as deferred revenue in the statement of financial position.

Property Taxes

Secured property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and are payable in two installments on or before November 1 and February 1. Unsecured property taxes are not a lien against real property and are payable in one installment on or before August 31. The County bills and collects property taxes for all taxing agencies within the County and distributes these collections to the various agencies. The sponsor agency of the School is required by law to provide in-lieu property tax payments on a monthly basis, from August through July. The amount paid per month is based upon an allocation per student, with a specific percentage to be paid each month.

Income Taxes

The School is a nonprofit entity exempt from the payment of income taxes under Internal Revenue Code Section 501(c)(3) and California Revenue and Taxation Code Section 23701d. Accordingly, no provision has been made for income taxes. Management has determined that all income tax positions are more likely than not of being sustained upon potential audit or examination; therefore, no disclosures of uncertain income tax positions are required. The School is subject to income tax on net income that is derived from business activities that are unrelated to the exempt purposes. The School has not yet filed its initial exempt school return or applicable unrelated business income tax return in the U.S. federal jurisdiction and with the California Franchise Tax Board.

Evaluation of Subsequent Events

The School has evaluated subsequent events through January 12, 2023, the date these financial statements were available to be issued.

NOTE 2 LIQUIDITY AND AVAILABILITY

Financial assets available for general expenditure are those without donor or other restrictions limiting their use within one year of the statement of financial position date. Financial assets available for general expenditures comprise of the following:

| Cash and Cash Equivalents | \$ 1,782,834 |
|--|-----------------|
| Accounts Receivable - Federal and State | 1,127,420 |
| Accounts Receivable - Other | 819,797 |
| Less: Net Assets with Donor-Restrictions | (347,433) |
| Total | \$ 3,382,618 |

As part of its liquidity management plan, the School monitors liquidity required and cash flows to meet operating needs on a monthly basis. The School structures its financial assets to be available as general expenditures, liabilities, and other obligations come due.

NOTE 3 CONCENTRATION OF CREDIT RISK

The School maintains substantially all of its cash in the Ventura County Treasury (the County). The County pools these funds with those of other educational organizations in the county and invests the cash. These pooled funds are carried at cost which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool. The County is authorized to deposit cash and invest excess funds by California Government Code Section 53648 et. seq. The funds maintained by the County are either secured by federal depository insurance or collateralized.

Custodial credit risk is the risk that in the event of a bank failure, the School's deposits may not be returned to it. As of June 30, 2022, the School was not exposed to any such credit risk.

NOTE 4 ACCOUNTING SERVICES

The Ventura County Schools Business Services Authority charges the School an administration fee for accounting services. The administrative fee was \$362,694 for the year ended June 30, 2022.

NOTE 5 ACCRUED LIABILITIES

In December 2021, the School settled a litigation matter with a third party back-office service provider related to services rendered throughout the 2019-2020 school year. The legal matters resulted in a settlement of \$1,600,000 for payroll, technology support, supplies and materials and curriculum purchased by the back-office service provider on behalf of the School. The settlement called for an initial payment of \$750,000 within 10 days of the effective date of the settlement and 36 monthly payments of \$23,611 commencing on July 1, 2022. The outstanding balance as of June 30, 2022 was \$826,389.

NOTE 6 NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions are restricted for the following purposes:

Subject to Expenditures for Specified Purpose:

| Educator Effectiveness | \$ 50,231 |
|---|---------------|
| Lottery | 20,972 |
| Special Education | 15,810 |
| A-G Access/Success Grant | 75,000 |
| Learning Loss Mitigation Grant | 75,000 |
| Expanded Learning Opportunities State Grant | 110,420 |
| Total | \$ 347,433 |

Net assets were released from donor restrictions by incurring expenses satisfying the restricted purpose for the year ended June 30, 2022:

Satisfaction of Purpose Restrictions:

| Educator Effectiveness | \$ 19,827 |
|---|--------------|
| Special Education | 977 |
| Expanded Learning Opportunities State Grant | 12,482 |
| Total | \$ 33,286 |

NOTE 7 OPERATING LEASE

The School leases its office facilities in Camarillo under a year-to-year lease agreement with a monthly rate of \$258. Lease expense for the year ended June 30, 2022 was \$3,094.

NOTE 8 CONTINGENCIES, RISKS, AND UNCERTAINTIES

The School has received state and federal funds for specific purposes that are subject to review and audit by the grantor agencies. Although such audits could generate disallowances under terms of the grants, it is believed that any required reimbursement would not be material.

PEAK PREP PLEASANT VALLEY CHARTER SCHOOL NOTES TO SUPPLEMENTARY INFORMATION JUNE 30, 2022

PURPOSE OF SCHEDULES

NOTE 1 SCHEDULE OF AVERAGE DAILY ATTENDANCE (ADA)

Average daily attendance is a measurement of the number of pupils attending classes of the School. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to charter schools. This schedule provides information regarding the attendance of students at various grade levels.

NOTE 2 SCHEDULE OF INSTRUCTIONAL TIME

This schedule presents information on the amount of instructional time offered by the School and whether the School complied with the provisions of the California Education Code. Since the School offers only an independent study program, therefore, minimum instructional minute requirements are not applicable.

NOTE 3 RECONCILIATION OF ANNUAL FINANCIAL REPORT WITH AUDITED FINANCIAL STATEMENTS

This schedule provides the information necessary to reconcile the net assets of the charter schools as reported on the Annual Financial Report form to the audited financial statements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Board of Directors PEAK Prep Pleasant Valley Charter School Camarillo, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of PEAK Prep Pleasant Valley Charter School (the School), a nonprofit California public benefit corporation, which comprise the statement of financial position as of June 30, 2022, and the related statements of activities, functional expenses, and cash flows for the year then ended, the related notes to the financial statements, and have issued our report thereon dated January 12, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the School's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency or a combination of deficiencies in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITORS' REPORT ON STATE COMPLIANCE

Board of Directors PEAK Prep Pleasant Valley Charter School Camarillo, California

Report on State Compliance *Opinion on State Compliance*

We have audited PEAK Prep Pleasant Valley Charter School (the School) compliance with the requirements specified in the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel, applicable to the School's state program requirements identified below for the year ended June 30, 2022.

In our opinion, the School complied, in all material respects, with the laws and regulations of the state programs noted in the table below for the year ended June 30, 2022.

Basis for Opinion on State Compliance

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, published by the Education Audit Appeals Panel. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the School and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion. Our audit does not provide a legal determination of the School's compliance with the compliance requirements referred to above.

Responsibilities of Management for State Compliance

Management is responsible for compliance with the requirements referred to above, and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the School's state programs.

Auditors' Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the School's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, Government Auditing Standards, and the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting will always detect a material noncompliance when it exists. The risk of not detecting a material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the School's compliance with the requirements of state programs as a whole. In performing an audit in accordance with GAAS, Government Auditing Standards, and the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and
 design and perform audit procedures responsive to those risks. Such procedures include
 examining, on a test basis, evidence regarding the School's compliance with the compliance
 requirements referred to above and performing such other procedures as we considered
 necessary in the circumstances.
- Obtain an understanding of the School's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting, but not for the purpose of expressing an opinion on the effectiveness of the School's internal controls over compliance. Accordingly, we express no such opinion; and

 Select and test transactions and records to determine the School's compliance with the state laws and regulations applicable to the following items:

| Description | Procedures Performed |
|---|----------------------|
| School Districts, County Offices of Education, and Charter Schools: | |
| California Clean Energy Jobs Act | Not Applicable |
| After/Before School Education and Safety Program | Not Applicable |

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that a material noncompliance with a compliance requirement will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention from those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditors' Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the results of testing of internal control over compliance and the results of that testing based on the 2021-22 Guide for Annual Audits of K-12 Local Education Agencies and State Compliance Reporting. Accordingly, this report is not suitable for any other purpose.

President Patty Lerner Board of Trustees Pleasant Valley School District 600 Temple Ave. Camarillo, CA 93010

Re: Material Revision to Charter to Add Homeschool Program and Multitrack Program

Dear President Lerner, Trustees, and Superintendent Cortez:

On behalf of Peak Prep Pleasant Valley ("Peak Prep"), I am pleased to submit this request for the Pleasant Valley School District (the "District") Board of Trustees ("District Board") approve the attached material revision to Peak Prep's charter (the "Charter"), which would append Peak Prep's current charter content in Section 1/A to add a homeschool program and multitrack program (with an early summer start date) to Peak Prep's academic offerings as of the 2023-24 school year.

As you know, Peak Prep became a dependent charter school of the District as of the 2022-23 school year because the District's leadership and the Board recognized the value and importance of bringing alternative educational options to students residing in this District and neighboring school districts. We are grateful for our strong partnership with the District in delivering a nonclassroom-based option to nontraditional students and families who seek such alternatives. Although Peak Prep is sometimes referred to as an "independent study" school, this is a bit of a misnomer. In reality, Peak Prep operates a virtual academy where students engage with their teachers and one another every day in a connected virtual school environment, complete with its own school culture and spirit, face-to-face live interactions and instruction, and social-emotional learning programs. Students may engage in independent learning at different times during the school day, but on a daily basis, their program is fully coordinated and supervised by credentialed teachers.

Although Peak Prep students typically engage in our virtual academy at home, Peak Prep does not offer a *homeschool* program – yet. A homeschool program, as distinguished form our current virtual academy, is a model where parents choose to commit to significant participation in their child's daily educational activities, as a parent-teacher, including involvement in curriculum and instructional choices. Homeschool programs operated by charter schools provide significant value to students and the public by ensuring that student learning is in accordance with State standards and accountability systems, and through the ultimate supervision, coordination, and regular engagement of credentialed teachers. We know from listening to parents and community members that there is demand and need for Peak Prep to offer a homeschool program, i.e., a program that offers all of the benefits of Peak Prep's existing virtual program, with structural modifications that accommodate and respect parent involvement at level typical of a homeschool program.

In response to this need, we are asking the District Board to approve the enclosed material revision to add a homeschool program to Peak Prep's academic offerings. We know that homeschool programs appeal to families who currently make the choice to <u>not</u> participate in the public education system or in a typical classroom-based school, and believe that expanding Peak Prep's offerings to provide more alternative options is consistent with the purpose of Peak Prep's partnership with the District.

In addition, Peak Prep seeks to expand its program into a multitrack format consistent with Education Code Section 47612(d). Through a multitrack calendar, Peak Prep would be able to operate a second track, in addition to its fall start track, to commence on or around July 1st of each year. An early summer start date would provide opportunity for students currently enrolled at Peak Prep, or at other schools (including and outside of the District), to engage in summer learning with Peak Prep, and at their option, continue in the track through the end of the school year through graduation, or return to their home school or another school after the summer if they so choose. By offering an early summer track and summer programming, Peak Prep will be able to increase its service to families living in the counties it serves, including credit deficient students who wish to expedite their course completion over the summer, accelerate their learning, and graduate as soon as they can. Offering a summer start track also responds to the needs of families and students with unique scheduling needs, and for whom starting school earlier in the academic year is preferrable for various reasons.

We recognize that under the law governing material revisions, that a material revision is required principally in the instance where a charter school seeks to "expand operations to one or more additional sites or grade levels," (Education Code Section 47605(a)(1), and that this request involves neither. However, we appreciative that adding a homeschool program and a multitrack program reflects a meaningful change to Peak Prep's program, and therefore, we bring it to the District Board for consideration and approval. Pursuant to Education Code Section 47607(b), Peak Prep has included a reasonably comprehensive description of new requirements of charter schools enacted into law after the charter was originally granted in the material revision approved by the District Board on September 14, 2020. The District found that Peak Prep's charter was up-to-date as of April 21, 2022 as indicated in the Memorandum of Understanding Regarding Transition to Dependent Status. As affirmed in its charter, Peak Prep recognizes that it is obligated to comply with all laws and regulations applicable to California charter schools under state and federal law.

As always, we appreciate the District's partnership and look forward to our continued work together in service to students. Please feel free to contact me if you have any questions.

Sincerely,

Shalen Bishop
Executive Director

PEAK PREP PLEASANT VALLEY

MATERIAL REVISION SUBMITTED ON FEB 10th, 2023

Append to Peak Prep Pleasant Valley Charter, Element A/1

Peak Prep Pleasant Valley Homeschool Academy

Beginning in the 2023-24 school year, to meet the needs of students and families in the communities Peak Prep serves, Peak Prep will offer a homeschool option to students (the "Homeschool Academy"), distinct from its primary virtual learning program (the "Virtual Academy").

The Virtual Academy will continue to offer students the same school program that Peak Prep has operated since its inception, and as described in its charter: a fully facilitated virtual school day defined by immersion in Peak Prep's core curriculum and social-emotional programming, continuous teacher-led instruction and support, and technology-driven engagement. Although parent engagement in student learning is encouraged in the Virtual Academy, the program is inherently designed to allow for students to participate independently, with Peak Prep teachers serving as their principal guide and regular contact point in their learning.

In contrast to the Virtual Academy, the Homeschool Academy experience will be substantially parent-driven.¹ Each student in the Virtual Academy will be assigned a Homeroom Teacher/Teacher Advisor, a credentialed member of Charter School staff who will serve as the student's teacher-of-record, coordinate and liaise with the student's parent(s) on their individual program and progress, supervise learning, and provide ongoing support to the student and parent(s). Parents will be able to select among multiple standards-aligned curricula approved by Peak Prep's governing board. And, in coordination with each student's Teacher Advisor and consistent with the Charter School's policies, parents may supplement the approved curriculum with experiences, activities, learning content, and projects.

Students in the Homeschool Academy will be required to participate in the same State and Charter School-required assessments applicable to Virtual Academy students. Homeschool Academy students will be offered all instructional minutes consistent with Education Code Section 47612.5, and will be required to demonstrate daily engagement and produce work product demonstrating the time value consistent with instructional minutes requirements. The course of study, coordination, supervision, and recordkeeping for all Homeschool Academy students will be consistent with all requirements of California independent study laws and regulations, Peak Prep's independent study policy (as updated from time to time), and each student's individual master agreement.

Homeschool Academy students will participate in live daily or weekly engagement with their Teacher Advisor consistent with California independent study requirements, but the principal mode of daily instruction will be parent-coordinated and supervised (subject, in all cases, to ultimate supervision by the Teacher Advisor.) The Homeschool Academy allows parents to take a significant and active role in their children's educational experience, including through regular, daily parent involvement in the learning process as defined in each student's independent study master agreement and the Homeschool Academy's Board-adopted policies and procedures.

¹ All references herein to "parents" are also intended to refer to and incorporate students' legal guardians.

To be clear, the Homeschool Academy is designed for those parents who are specifically seeking that type of time investment and participation in the educational process. Thus, the Homeschool Academy is intended to meet a specific community need, i.e., of parents seeking to homeschool their children so that they can play an active role in their education. But, the Homeschool Academy provides a deeper benefit to students and the public at large as compared with traditional homeschooling: homeschooling under Peak Prep's supervision ensures that students are engaged in standards-aligned learning using approved curriculum, that students are accountable for their learning and making progress (including as measured by State assessments), and that credentialed teachers are responsible for coordinating and overseeing each student (and ensuring their overall well-being as mandated reporters) – none of which would be guaranteed in a private homeschool program.

Because of the extent of parent involvement, the Homeschool Academy program format is varied from the Virtual Academy to incorporate, facilitate, expect, and respect a specific level of parent participation in each child's educational program. Although Homeschool Academy students will benefit from and have access to Peak Prep's technology platforms and learning management system, for parents seeking to limit their children's screentime, Homeschool Academy students will be able to engage in a significant degree of learning offline, based on the preferences of their parents and in coordination with Teacher Advisors. Peak Prep will also develop unique programming for the Homeschool Academy, based on parent and student interest and Charter School objectives and capacity, which may include but would not be limited to, parent workshops, parent-as--teacher "professional development," in-person meetups and social activities, and Homeschool Academy-specific social-emotional learning programming.

In all other respects, Homeschool Academy students are Peak Prep students, and except for programmatic variations described in this section, the entirety of Peak Prep's charter applies to Homeschool Academy students. Students who do not abide by the Homeschool Academy policies, procedures, and agreements, or do not make sufficient academic progress in the Homeschool Academy, may be returned to the Virtual Academy pursuant to the policies, procedures, and agreements for the Homeschool Academy. To the extent that Homeschool Academy participation becomes infeasible for parents, e.g., due to a parent's schedule, all Homeschool Academy students may revert to the Virtual Academy.

As academies within Peak Prep, all students seeking participation in Peak Prep's Virtual Academy and Homeschool Academy must first gain admission into Peak Prep pursuant to the procedures in Element 9. As required by under Education Code Section 47605(e)(2)(A) and subject to applicable qualifications, all California students, including students residing in the Pleasant Valley School District attendance boundaries, may enroll in and attend Peak Prep (and its Virtual Academy and Homeschool Academy). Per Section 47605(e)(2)(B), Pleasant Valley School District students shall have a preference in admission to Peak Prep per Section 47605(e)(2)(B).

After admission, and prior to the completion of the enrollment process, students will elect whether to participate in the Virtual Academy or Homeschool Academy. Students will, by default, be enrolled in the Virtual Academy. Students seeking to participate in the Homeschool Academy will be required to agree to the policies, procedures, and agreements specific to the Homeschool Academy, as adopted by Peak Prep's governing board. Prior to the completion of enrollment in the Homeschool Academy, parents will participate in individual conferences with Peak Prep staff to ensure that the Homeschool Academy is the optimal fit for their student. After enrollment in the Homeschool Academy, students and parents will participate in an orientation meeting with their assigned Teacher Advisor and create an individualized learning plan.

Peak Prep's governing board may, at its election, set a capacity for the Homeschool Academy, overall and/or by grade level. In the event that demand for enrollment exceeds capacity, administration will conduct a random drawing pursuant to standards and procedures set by Peak Prep's Governing Board.

Peak Prep Pleasant Valley Multitrack Calendar

Peak Prep will operate a multitrack calendar that offers families two school start dates: a summer program start date to commence on or shortly after July 1 of each year, and a fall program start date, to commence in mid to late August of each year. Each track will operate in compliance with Education Code Section 47612(d), i.e., for purposes of calculating average daily attendance, no pupil shall generate more than one day of attendance in a calendar day, and Peak Prep's multitrack calendar shall comply with all of the following: (1) Peak Prep shall calculate attendance separately for each track. The divisor in the calculation shall be the calendar days in which school was taught for pupils in each track; (2) Peak Prep shall operate each track for a minimum of 175 days. (3) For each track, Peak Prep will provide the total number of instructional minutes, as specified in Section 47612.5, e.g., 64,800 minutes for students in grades 9-12; (4) no track shall have less than 55 percent of its schooldays before April 15; and (5) no pupil shall generate more than one unit of average daily attendance in a fiscal year.

Each track will be operated in accordance with all California independent study laws and regulations applicable to charter schools.

The summer track will support a variety of needs within and outside of existing Peak Prep enrollment. Students from other schools seeking summer programming may enroll in Peak Prep's summer track, including students in need of credit recovery immediately following the end of their prior school year. Similarly, students who have completed an academic year with Peak Prep in the fall track may transfer into the summer track in the following school year to expedite their learning, and thus finish the school year sooner, e.g., a 12th grade student with a few credits outstanding may potentially finish their degree over the summer and graduate.

Peak Prep's Board of Directors shall annually adopt a school calendar for each track. Both tracks shall be operated pursuant to the same program, standards, and requirements articulated in Peak Prep's charter.
