2023-2024 School Accountability Report Card (Published During the 2024-2025 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A hard copy of the School Accountability Report Card is available at your School Office, upon request.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

Admission Requirements for the University of California (UC)	Admission requirements for the UC follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements, please visit the UC Admissions Information website at https://admission.universityofcalifornia.edu/ .
Admission Requirements for the California State University (CSU)	Eligibility for admission to the CSU is determined by three factors: (1) Specific high school courses, (2) Grades in specified courses and test scores, and (3) Graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information, see the CSU website at https://www2.calstate.edu/ .

2024-25 School Description and Mission Statement

Peak Prep is a non-classroom-based school that serves its students virtually with a small percentage in person. As of Jan 27, we have an enrollment of around 883, including 77% Socioeconomically disadvantaged, 13% special ed, 7.4% EL and .7% Foster Youth.

Peak Prep educates students from four counties including Ventura, Kern, Santa Barbara and Los Angeles Counties.

Mission Statement: The mission of Peak Prep Pleasant Valley is to provide individualized educational options to students

2024-25 School Description and Mission Statement

seeking alternatives to traditional classroom programs, to ignite the unique talents, capabilities, and joy within each student, enabling them to become citizen-leaders who make positive contributions to their local and global communities.

This will be accomplished by:

Implementing an academically rigorous inquiry-based college preparatory curriculum that will meet all of California State, and relevant national standards through a personalized learning approach

Developing leadership skills in each student, as well as a thorough understanding of democracy, citizenship, and civic responsibility

Developing social-emotional intelligence, a positive and healthy sense of self, and grit to solve an array of challenges in an ever-challenging world

Identifying the strengths and challenges of each student, using backward planning to map their trajectory for growth, and creating educational programming and supports that meet their individualized needs

Going beyond individualized learning to make meaningful connections with others, to collaborate and explore ideas, and respect differences

Developing skills leading to independence in continued learning

Peak Prep uses an online curriculum that is aligned with standards. Exams, lessons, and assignments are already embedded in the program. Our teachers will provide live lessons to enhance the curriculum and instruction. Teachers will also evaluate the assignments for patterns of struggle and provide additional live lessons where needed.

The time value of pupil work is aligned with the online curriculum and assessed by the credentialed teacher. Teachers will document the work sample. Since many assignments are already embedded into the platform with due dates, homeroom teachers will assess engagement through login times and live lesson attendance. The online platform (LMS) tracks students and informs the homeroom teacher who is behind, on pace, and ahead.

In addition, teachers provide live lessons that allow real-time checking for understanding. When a teacher sees within the live lesson (or during independent work), they will encourage students to come to office hours. Content teachers and Homeroom teachers provide office hours that give additional support. In addition, homeroom teachers communicate with families weekly to see if any additional support may be needed for the student.

Lastly, we have our special education team that will also be working with their students with learning disabilities and a McKinney-Vento Liaison that supports and follows up with our homeless population.

We provide a variety of additional support to assist our pupils with unique needs.

EL Support:

- 1) Raz Kids (comprehensive reading resource) and Raz Kids EL
- 2) Translation in the curriculum with multiple language options
- 3) Provide multiple exposures to vocabulary. Research indicates that "front-loading" or pre-teaching vocabulary before a lesson helps make content more accessible to students.
- 4) Higher-order thinking skills such as analysis, evaluation, and application are embedded throughout each course.
- 5) Provide explicit instruction
- 6) CTE Pathways.
- 7) Explicit Instruction held by EL Specialist

Foster Care:

- 1) Social-Emotional Learning courses
- 2) Access to counselors
- 3) Access to full curriculum and technology
- 4) Continuity, they can continue to work with Peak, even if there is a change at home.
- 5) CTE Pathways

Homelessness

- 1) School Liaison
- 2) Social-Emotional Learning courses
- 3) Access to counselors
- 4) Access to a full curriculum, technology, and CTE Pathways
- 5) Funds for specific needs related to their unique circumstances

Gifted Students

- 1) Access to honors and AP
- 2) Dual Enrollment

2024-25 School Description and Mission Statement

3) CTE Pathways

Special Education

- 1) Embedded tools to provide read-aloud support, transcripts and captions, definitions, and highlighting to help students access and organize the content.
- 2) Enotes tool to help students synthesize information and record questions and observations in a digital notebook
- 3) Course customization tools for faculty to enable them to modify the curriculum to meet student's needs.
- 4) Guided Notes and printable worksheets to allow for a more active role and reduce cognitive load while working through lessons.
- 5) Direct Instruction
- 6) CTE Pathways.

Although these are some examples of supports that were implemented for our students with unique needs, all students can benefit from them and have access, if needed.

We track and measure through various means. For example SELPA online tool, SIRAS, progress reports, counselors, online curriculum, online pacing guides, IEP meetings, homeroom teacher support, family login and support, student support team, collaboration time (team meetings), PLC meetings, LMS reports, and data analysis reporting.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2023-24 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA divided by the total number of students who participated in both assessments.

To protect student privacy, double dashes (--) are used in the table when the cell size within a selected student population is ten or fewer.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2023-24 Career Technical Education Programs

Peak offers CTE courses through our online platform. We have multiple CTE courses available to our students but due to our size and teacher CTE credentials, we offer a couple of pathways: Business Management Pathway: Business Information and I.T. Pathway: Network Systems.

The curriculum brings a comprehensive approach with several of the most critical, high-demand Career Clusters in the CTE world today. Together these clusters comprise industries that represent key cornerstones of our economy.

Peak Prep School provides a curriculum that supports students in career clusters. Each Career Cluster includes three separate, clearly defined pathways for students to follow toward certification providing a total of 6 career pathways:

- Business
- IT
- Art
- Education

Our industries include Business and I.T.. The CTE Team includes guidance counselors, CTE Credential teacher, and the Executive Director. We utilize courses/pathways offered through our online curriculum offerings.

2023-24 Career Technical Education (CTE) Participation

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2024-25 Opportunities for Parental Involvement

For the 2024-2025 school year, Peak engaged its educational partners through annual surveys, emails, meetings, and phone calls

Educational Partner Engagement included:

- 1) Parent Advisory Committee Meetings (presentation & feedback)--Jan 2024, March 2024 & May 2024.
- 2) Annual Survey to families sent via parentsquare and newsletter.
- 3) Reached out to Foster Youth and EL families and asked for feedback.
- 4) Board Adoption/Public Hearing--Wednesday May 1st & Wednesday, June 5th, 2024

All meetings were held virtually via Zoom and Peak continues to offer office hours for phone calls, receipt of emails, and meetings.

Peak Prep met with the Parent Advisory Committee and held a public hearing. All meetings for feedback were held virtually via Zoom. Peak prep continues to offer office hours for phone calls, receipt of emails, and options to complete surveys.

Professional Development

As a non-classroom based school we have flexibility in our professional development assignments. In addition to our all staff day PDs, we assign various professional development via Vector Solutions to our staff that include compliance requirements and other applicable professional development (cybersecurity, cyberbullying, equity and inclusion, etc.). Lastly, we have conference opportunities and individual requested assignments/trainings. One highlighted development was the Museum of Tolerance for Educators.

This table displays the number of school days dedicated to staff development and continuous improvement.
